About me

Currently in full stack developer training, I am looking for an internship in this field from 09 January to 24 February (unpaid).

Passionate about this environment, I want to make it my profession.

Projects

Front-end

Design and implementation of modern and dynamic interface within the framework of study and personal projects.

Back-end

Development of features, creation and operation of a database.

Degrees and Training

Web developer & web mobile (bac +2) — [OnlineFormaPro](#) Dijon

From June 2022 to March 2023

Full stack training, provided by an experienced and passionate trainer. The latter teaches us a "clean" and current programming. Training delivered in person 35h/week, operation in project (group and only).

Military Parachute/Combat First Aid Certificate (Sc1) — [Armée de terre](#) Pau

Since 2018

Economic and Social Baccalaureate — [Lycée Claude Fauriel](#) Saint Etienne

Since July 2017

Work experience

Planner — [DOM SECURITE](#) Andrézieux-Bouthéon, France

Since November 2020

Responsible for the planning of Lyon agents, mainly Grenoblois and Strasbourg. Emergency management and problems on the company's various sites. Guarantor of the proper implementation of market takeovers in my sectors.

technical-commercial — [2Itsolutions](#) Saint-Etienne

From October 2019 to June 2020

In charge of developing and maintaining my client portfolio. Specialized in computer and telecom.

Fighter in paratrooper infantry — [Armée de terre](#) Pamiers

From August 2017 to July 2019

MILAN shooter/ MMP in support section

Software tools

Front-end

Languages : Html, Scss/Css, JavaScript
Frameworks : Tailwind, Svelte,...
Bundler : Vite
Outil : Figma

Back-end

Languages : PHP, Sql
Templating engine : Twig
Tools : Use of various packages via Composer (ORM,router,...),

Diverse

Github/ GitLab
RWD
Bash
Debian
Windows/ Mac OS
Intelij

Attractions

Sensitive to UI and UX, I put a point to realize ergonomic and creative design. Very interested in the "creative" front-end, I watch good practices and trends

Languages

French

Native

English

Good level

Spanish

school level

Interests

Music

I like all types of music without any style limitations, as my previous focus inspires me enormously

Digital

Passionate about new technologies, internet, as well as video games especially those competitive.

Cinema/ Series/Anime

Fascinated by the world of audio-visual since always, it is for me a great source of inspiration in my daily work.

Sport

Fan of sports in general, I particularly appreciate martial arts/ combat sports.
